

Number Poem

Number poems can be created using words or symbols. Each line begins with a different number.

1 incubator for all the eggs

2 eyes in each chick's face

3 pets at my house

4 toes on each chick's leg

5 people in my family

6 hours a day I spend at school

7 freckles on my nose

8 good friends in my class

9 hours of sleep each night

10 chicks are going to hatch.
